Feedback and Evaluation: Real-Time IoT Data Pipeline

Oct 31, 2026 · @Rana Shaaban

This form records the lecturer's assessment of the project. The team has filled in the project details and the evidence submitted; the lecturer's columns stay blank until the review.

1. Project Details

Item	Detail
Project	Real-Time IoT Data Pipeline
Team leader	Rana Shaaban Abdelqader Mohamed
Team members	Abdelrahman Sayed Taha Morsi, Mostafa Ahmed Mahmoud Shaban, Shahd Safwat Mohamed, Waleed Hamouda Abd Elfattah Mahmoud
Lecturer	Alberto Hanaa
Review date	

2. Evidence Submitted for Review

The table lists what the lecturer can review in each area of the Project Documentation Guidelines.

Area	Document	Status
Project Planning and Management	Project Proposal, Project Plan, Task Assignment and Roles, Risk Assessment and Mitigation Plan, KPIs	Drafted
Literature Review	Literature Review, plus this folder (Feedback and Evaluation, Suggested Improvements, Final Grading Criteria)	Drafted

Area	Document	Status
Requirements Gathering	Requirements Gathering (sign-off pending)	Drafted
System Analysis and Design	System Analysis and Design documents	To be completed
Implementation	Source code and execution on GitHub	To be completed
Final Presentation, Testing and Reports	Slides, final report, test results	To be completed

3. Lecturer's Assessment by Area

The lecturer rates each area using the scale agreed for the course and adds comments. The marks per area are set out in the Final Grading Criteria document.

Area	Rating	Comments
Project Planning and Management		
Literature Review		
Requirements Gathering		
System Analysis and Design		
Implementation		
Testing		
Final Presentation and Reports		

4. Overall Evaluation

Question	Lecturer's Answer
What was done well?	
What needs more work?	

Question	Lecturer's Answer
Does the project meet the stated requirements?	
Overall comments	

5. Team Response and Follow-up

Each point of feedback gets an action, an owner, and a due date. Improvement ideas from the lecturer are also added to the Suggested Improvements document.

Feedback Item	Action	Owner	Due	Status

6. Sign-off

Role	Name	Date
Lecturer	Alberto Hanaa	
Team leader	Rana Shaaban Abdelqader Mohamed
